Bent Hohmann Retractors—Narrow

Helps retract tissues at the margins of the joint

Useful for retracting tissues at the margins of the joint. Can be passed over the margins of the joint and held in place with weights or by hand.

The OrthoLucent™ version is made of a strong, lightweight carbon fiber PEEK composite material, which is completely radiolucent, helps to prevent from marring component surfaces, and can be steam sterilized.

**Extra Grip Tip**

Helps to stabilize the retractor around the bone
